## OUR PRESIDENT'S ADDRESS

Hello SEMVMA members and hello sunshine and warm weather. After this past year it is nice to see the start of our old normal returning in glimpses. One thing that I learned during this whole pandemic is to try and go with the flow. Now at times that was easier said than done, especially with virtually schooling four kids, but we managed through all the obstacles. Here we are on the other side seeing the light at the end of the tunnel, FINALLY.

We still face some uncertain times ahead as many veterinary clinics are still offering curbside service and emergency hospitals are being bombarded with patients and facing several hours of wait time. We have all faced these tribulations head on and made changes to ensure we can continue to operate in a safe manner. I commend my colleagues for stepping forward and donating time and equipment without hesitation when this pandemic started. This last year has been trying on veterinary medicine and the country as a whole, but we are pulling through slowly but surely. The SEMVMA organization has made lots of changes throughout this pandemic to be able to still offer the high-quality CE our members desire. Now the format of this CE may have looked a bit different, but we were happy to be able to offer even a virtual form of our meetings.

Last year many of our yearly events were cancelled such as the Annual Golf Outing. It gives me great joy to know that we will be able to carry on the tradition this year on

August 11th. There will likely be some minor changes in the way the outing is run in order to comply with the current restrictions, but they do seem to be lessening each day. Your SEMVMA council has been busy with Zoom meetings

and emails coming up with the 2021-2022 CE schedule. We are excited about the upcoming programs, but are still working out details if these will be in person, virtual or both. Please be patient as we continue to work through these uncharted waters.

On a positive note, the weather is warming up in Michigan which means we can spend more time outdoors. I hope that all of you are able to get back to seeing family and friends that you have been unable to visit for far too long. I hope as the weeks pass

we slowly get back to our "old normal" and say goodbye to this "new normal." Something that I have taken away from this COVID-19 pandemic is that life is short and you never know where it might lead. Don't put off that vacation. Stop saving that dress for a special occasion. Don't wait for a perfect moment to bust open that good bottle of bourbon. Just do it. Tomorrow is not promised and we have to live each moment to the fullest.

I wish you all well and I am looking forward to the bright future ahead. Remember, choose kind and help others, you never know what someone is going through, and a simple act of kindness could mean the world to someone.

– *Nicole*
